The Low-Income Subsidy/Part D Premium Report/Data File, which provides LIS information to Plans on their Low-Income beneficiaries, is now available in the new format for Plans to request via the MARx UI. As communicated via email last week, the layout has been changed from the initial version of report (the new layout is attached again for your convenience).

Please use this file as a means to compare, analyze, and update LIS information for your members. As you are doing so, please remember to update LIS eligibility information if the LIS copay level or premium subsidy level is more favorable to the member than the copay or premium level currently on the plan enrollment and eligibility files. The copay/premium hierarchy, from most to least favorable, is:

Copay category	Premium Subsidy Percentage
3	100
2	100
1	100
4	100
4	75
4	50
4	25
0	0

As a reminder, this file is generated on a bi-weekly basis; it must be requested by the Plan via the MARx UI. All requested files will be delivered to the Plans in the same manner that other weekly and monthly files are delivered (i.e. via Connect:Direct or Gentran). The data file name follows the convention:

 …PLNxxxxx.YMyyyymm.Ddd.LISPRMD

Attached is a document with screen shots that describe how to order this report via the MARx UI. If you have any difficulty in requesting your report or have questions about this process, please contact the MMA Help Desk.
